MID49, LLC
1205 Castle St.
STE 100
Dallas, TX 75208
United States

CE

About the Product:
Camera accessories for use on video and photographic cameras.

Product Materials:
Anodized aluminum and passivated stainless steel.

Safety Measures:
Edges have been chamfered or filleted to improve hand feel and reduce risk for hand injury. When attaching screws, use caution to prevent cross-threading. Cross threading can result in damaged threads with sharp edges and could potentially create metal burrs.

This product falls under the exemption of no instructions per GPSR Article 8(8).
